

Sasaara Pamudi

Software Engineer Intern

+94 716500760 pamudisasaara@gmail.com <https://github.com/SasaaraPamudi> Matara, Sri Lanka

SUMMARY

Software engineer intern, solution-oriented software engineering undergraduate with a strong foundation in Java, Spring Boot, and MySQL. Enthusiast with developing full-stack web applications, such as the Campus Hub management system, with a focus on building secure RESTful APIs and optimising database performance. A disciplined problem-solver with a passion for clean code and backend architecture, seeking an internship to contribute to large-scale software solutions.

EDUCATION

Bachelor of Science (Hons) in Software Engineering
Colombo International Nautical & Engineering Campus (CINEC Campus)
09/2024 – Expected 2027 Malabe, Sri Lanka

Diploma In Comprehensive Master Java Developer
Institute Of Software Engineering (IJSE)
07/2024 – 03/2025 Panadura, Sri Lanka

Engineering Foundation
Colombo International Nautical & Engineering Campus (CINEC Campus)
09/2023 – 05/2024 Malabe, Sri Lanka

SKILLS

Languages: Java | MySQL | JavaScript | HTML/CSS | Python

Frameworks & Libraries: Spring Boot | React | Spring Security (JWT) | Hibernate | Spring Data JPA

 Django | FastAPI | Requests | Pandas | NumPy | Matplotlib | Scikit-learn |

Web/Tools: RESTful API Design | JSON

PROJECTS

1. Live Campus Hub Management System (Backend)

Tech Stack: Java, Spring Boot, MySQL, Spring Data JPA, REST APIs

- Developed a backend system for managing campus locations and student data.
- Engineered an automated reward system for dynamic student discounts using Spring Data JPA.
- Designed RESTful APIs to ensure seamless integration with the frontend.

2. Lost and Found System (Full Stack)

Tech Stack: Spring Boot, React, MySQL

- Built a full-stack application to report and claim lost items within a community.

- Integrated a React frontend with a Spring Boot backend API to manage end-to-end data flow.

3. E-commerce Website (Full Stack)

Tech Stack: HTML, JavaScript, CSS

- Developed a responsive e-commerce web app based on a personal business model, managing frontend logic and cart states with vanilla JavaScript.
 - Applied Nielsen's 10 Usability Heuristics throughout development to ensure an intuitive, friction-free user experience (UX).
-

CERTIFICATIONS & ACHIEVEMENTS

- **Diploma in Comprehensive Master Java Developer**
Institute of Software Engineering (IJSE)
 - **Python Programming Certificate**
University of Moratuwa (CODL)
 - **IELTS Academic: Overall Band Score of 7.0**
British Council
 - **Black Belt (1st Dan), Shotokan Karate**
Japan Karate-Do Dojokai
-

Soft Skills

- Team Collaboration
- Disciplined Problem-Solving
- Effective Communication
- Mentorship & Leadership
